

Loner

Ladyhawke

What's the matter girl?
You seem a little bit off today
Was it something that got you?
What's the matter girl?
You seem a little bit sad today
You never held back 'til now

All I can say is I'm bothered, baby
Baby, this ain't you
I'm waiting for you to cry now, baby
I'll always here for you

Love is a loner
We can make it stronger
We only wanna make it so less of no longer
Love is a loner
Loneliness together
You make it fire
Love is a loner, baby

Wait a minute now
I heard you're leaving me today
Was it something I said to you?
Wait a minute girl
I hope you're strong enough to stay
I'm holding my breath for you

All I can say is I'm worried, baby
Baby, this ain't you
I'm waiting for you to crumble, baby
I'll always here for you

Love is a loner
We can make it stronger
We only wanna make it so less of no longer
Love is a loner
Loneliness together
You make it fire
Love is a loner, baby

All I can say is I'm bothered, baby
Baby, this ain't you
I'm waiting for you to cry now, baby
I'll always here for you

Love is a loner
We can make it stronger
We only wanna make it so less of no longer
Love is a loner
Loneliness together
But you make it fire
Love is a loner, baby
