Vanity

Ladyhawke

Vanity vanity vanity yea yea yea Vanity vanity vanity yea yea yea

In the winter, if you listen You can hear my heart beating faster It's another cold December Feeling homesick, waiting for summer time

'Cause you know I am lone haves
Vanity yea yea yea yea
Self destruction, self obsession
Vanity yea yea yea yea
Vanity vanity vanity yea yea yea
Vanity vanity vanity yea yea yea

After midnight, when I'm anxious Close the room, is all closing in on me You were always right beside me Help in silence my insecurity

'Cause you know I am lone haves
Vanity yea yea yea yea
Self destruction, self obsession
Vanity yea yea yea yea
Vanity vanity vanity yea yea yea
Vanity vanity vanity yea yea yea

'Cause you know I am lone haves
Vanity yea yea yea yea
Self destruction, self obsession
Vanity yea yea yea yea
Vanity vanity vanity yea yea yea
Vanity vanity vanity yea yea yea
