You've Changed

Ladytron

You've changed, what were you thinking? You've changed

Girl buys a dress
So bored
Repetitive, your greed
A confidante all gone
So take a bow
Too far

So now you're a mess, oh no!

Come take me on, you'll lose

It's your happiness, but what's real?

I'll make you sorry, oh yeah!

You've changed, what were you thinking? You've changed
