

## Hurry up and Wait

Lagwagon

It's time to get up and stress out  
We're heading for another town  
We're never gonna make sound check  
And I can't even take a shit  
No shower, shaving or coffee  
I can't fuckin brush my teeth, c'mon  
We're already late, man, let's go  
Hurry up and wait  
Wait, Wait  
Hurry up and wait
