

Lazy

Lagwagon

I just lost my job
I just lost my girl
Things are getting way out of hand
But my living room is like quicksand
(Sucks me down)
I'll never leave
(In the ground)
My cable TV
I'm burnt out and lazy
Looking
Dwelling
Fuck me
I'm lazy
Look at my cat
Why can't I live like that
All other animals except us
do nothing else but eat and shit
(Yesterday)
Is not the time
(Two more rounds)
Haven't yet begun
(Another week)
Another Month
Going
Always
Fuck you
I'm lazy
I have no faults to fear, I'm down here
There's nothing to fear, no changes
'Cause having it all means nothing
I am not in beyond great pressure or the reason I see on you
Blue day again
Trying to reach end
A call, the machine, unseen action
No act of faith
No deed of good
(Yesterday)
Is not the time
(Two more rounds)
Is it not yet here
(Another month)
Another year
