

# Timebomb

Laidback Luke

Oh I can't believe what I'm hearing  
You cross the line I can feel my blood overheating  
And oh I'm loaded and about to blow like a timebomb  
Ticking ticking timebomb ready to explode

I can't believe what I'm hearing you cross  
The line I can feel my blood overheating  
And oh I'm loaded and about to blow like a timebomb  
Ticking ticking timebomb ready to explode
