

## Diamonds & Stones

Laika

It is long gone  
This right went wrong  
Stop your cryin child  
Diamonds and stones  
My skin my bones  
Stop your cryin child

'Cause the time has been and gone  
Might as well just move along

The days go by  
I just can't try  
Stop your cryin child

Gave him my hips  
Offered my lips  
Stop your cryin' child

'Cause the time has been and gone  
Might as well just move along

Fling a last word  
I never learn  
Stop your cryin' child

Water the flames  
Wait for the train  
Stop your cryin' child

'Cause the time has been and gone  
Might as well just move along

'Cause the time has been and gone  
Might as well just move along
