

Allow me to introduce myself  
I am the hottie you roll with at night  
I am a body, a soul, and a mind  
Lately, you left me behind

Now we don't seem to talk anymore  
We used to kick it like Joe and Obama  
Now you just leave me at home playin' mama  
You give your friends all your time

Would you like me more  
Would you like me more  
Would you like me more

If I was a dude  
Rollin' with your crew?  
Would you give me high-fives  
If I was a guy?  
And in the end, would you wanna be my friend, too?

Take me out to the ball game, baby  
I wanna stay up and party like a lady  
I wanna eat all the biscuits and gravy  
Lately I've been so very hungry

Come on, let's get back to when we used to be brothers  
How did I end up as only your lover?  
I want you over and under the covers  
I hate how you run when you're done with me

Would you like me more  
Would you like me more  
Would you like me more

If I was a dude  
Would you think I'm cool?  
Could I play in your band  
If I was a man?  
And if I was a dude  
Greasy, tough, and crude  
Would you think I'm fly  
If I was a guy?  
And in the end, would you wanna be my friend, too?  
And in the end, would you wanna be my friend, too?
