

# Do You Believe

Lakeside X

Do you believe the sky whispers  
For those who can hear  
Do you believe in all the sins  
In anything you feel

Do you believe in other worlds  
Walking trees, dark matter  
Do you believe in a universe  
Singing songs in minor

Do you believe

Do you believe that time's a trap  
That makes you creep and wander  
Do you believe that what you will  
Can make you bleed and suffer

Do you believe in other worlds  
Behind your mirror  
Do you believe that what you see  
Is not always real

Do you believe in poetry  
Do you believe in chemistry  
Do you believe in electricity  
Do you believe that even I believe

Do you believe in all the souls  
Tied up together  
The light in hell and the fire in heaven  
Flying on the Earth and walking on the Moon

Do you believe there's no night on the Sun  
Do you believe that what you dream of will always  
happen

Do you believe that snow hides the dirt underneath  
Do you believe that broken hearts sometimes won't  
repair  
Do you believe that sin can make you clean  
Do you believe that stars shine even you can't see

Do you believe in walking trees in the night  
Do you believe that William Burroughs was always right  
Do you believe that there's always something between  
the lines  
Do you believe that everything is counted
