

Looking For You

Lakeside X

I don't know how many times I was trying
How many tears I shed when crying
When everything I loved was always gone

How many times did I pray to Lord
For his mercy to save me from love
Cause in this world nothing lasts for good

I wanted to fly to the dark
To the darkest sky
Leave this world behind
And the time come by
There among the stars
To find you

And let the thousands of suns
And the thousands of lights
Let them breathe my love
In the holiest dance
Let them hear my prayer
Prayer for you

But I know that I can't stop trying
Though I may go wrong way for thousand times
And for the thousand first time fall

It may last for a million years
Wandering through this world, so cruel
I'll never stop looking for you

And when the world falls down
And no hope is around
And I become astray
In the darkest cloud
I know I'll always be
Looking for you

I know you're somewhere here
That you're looking for me
Then I can't stop believe
In your love for me
I know I'll allways be
Looking for you

I know you're the only one
Glimpse of light that comes shine on me, my love
And from the first time there won't be doubt

I won't ever stray, won't ever fall down
Won't ever drink the pain and wail
And whole universe will shine from love

And when the world falls down...
