

# Wasted

Lakeside X

Another day at dawn  
Another wasted one  
Feel life has come undone

Falling strings of rain  
From the sky steel grey  
Seems there's no escape

Tin stripes of light  
Through the roller-blind  
From the city unkind

Just us who are left  
Drown alone in this well

Why don't you understand?

Take away all the weight  
Of this suffering and wail  
Come and lay with me

Just be mine on the floor  
Be the only hope  
Of my broken soul

And if we can save ourselves from the lies  
Waiting outside in the rain  
My eyes are horny, do you feel I'm burning

Why don't you understand

Don't leave me  
Don't leave me again  
Don't leave me  
Can't you see I'm burning  
I am burning

And if we can save ourselves from the lies  
Waiting outside in the rain  
Don't leave me again, leave my life in pain  
Why don't you really care

And if we can save ourselves from the lies  
Waiting outside in the rain  
My eyes are horny, do you feel I'm burning

Why don't you understand
