

Be Good To Me

Laleh

Oh, please be good to me
Save my soul and lead me home
I've been running far too long
Oh, please be good to me
Be good to me

My hands are sore carrying promises
Another war that I've lost
My time is yours, waste it carefully
If you hit and run, do it gracefully

Please be good to me
Save my soul and lead me home
I've been running far too long
Oh, please be good to me
Be good to me

My stupid heart is always a casualty
Wants to be loved, hates the vacancy
My time is yours, waste it carefully
If you hit and run, do it gracefully

Please be good to me
Save my soul and lead me home
I've been running far too long
Oh, please be good to me
Be good to me

I've been running far too long
Oh, please be good to me
Be good to me
Be good to me
Oh, please be good to me
Be good to me
