Sweet

Sunshine takes me to a place where I'm living free Something in your eyes is telling me this is where I want to be But I never thought it would be so

Sweet, sweet, sweet The way you make me feel

It's funny how it just gets sweeter and sweeter day by day? It's sweet how you just get funnier to me in every way But I never thought it would be so

Sweet, sweet, sweet The way you make me feel Sweet, sweet, sweet I can't believe you're real

It's so rare to find someone who Brings on the sunshine the way you do It's so

Sweet, sweet, sweet The way you make me feel Sweet, sweet, sweet I can't believe you're real
