Lana Lane

Get me high  
Away from all the noise  
Flowers from the market  
My usual choice  
A single candle burning  
Feeds my memory  
I need to feel at home here  
'cause this is home for me

I live in hotels  
A life I know well  
I live in hotels  
So very lonely  
I live in hotels  
A life I know well  
I live in hotels  
Don't disturb me

Dine at nine  
TV for the noise  
A late night mystery  
My usual choice  
A single shot of whiskey  
Feeds my memory  
I make myself at home here  
'cause this is home for me

I live in hotels  
A life I know well  
I live in hotels  
So very lonely  
I live in hotels  
A life I know well  
My personal hell  
Don't disturb me
