

Leaving Stardust

Lana Lane

One lonely evening
I saw a great light
Shine on a meadow
Where an angel took flight

I saw golden wings reach for the sky
Leaving star dust and a story behind

I swim in a river
Of violet streams
Floating on promises
Floating on dreams

I kneel by a flower
Whose voice is the sun
Singing of heroes
And the battles they've won

I saw golden wings reach for the sky
Leaving star dust and a story behind
