

# Maybe We'll Meet Again

Lana Lane

Leaving town first sign of light  
Limousines and early flights

It's after midnight on the radio  
And after all it's only time

Maybe we'll meet again  
On down the road my friend  
Maybe we'll meet again  
Somewhere around the bend  
Maybe we'll meet again

On a road so far away  
Just a trace of yesterday

It's after midnight on the radio  
And after all it's only time

Maybe we'll meet again  
On down the road my friend  
Maybe we'll meet again  
Somewhere around the bend  
Maybe we'll meet again

After all the years gone by  
Count the days in lonely nights

It's after midnight on the radio  
And after all it's only time

Maybe we'll meet again  
On down the road my friend  
Maybe it's all a dream  
The deepest mystery  
Maybe we'll meet again  
Somewhere around the bend  
Maybe we'll meet again  
On down the road my friend
