

# All The Lost Souls

Lapush

Go on and chase the universe  
Its your life  
Up inside the canyon where you keep the fire alive  
So bright by candlelight  
Pretend that all the evil ones  
Have flown away  
Youve built it up inside your head that its bigger than  
You want, you want

Black out in a movie screen  
That was made for you and me  
This is for all the hurting

You blame it on the new dcor  
Its your choice  
If you had a voice you could shake it up to they  
Turn around, turn around

Black out in a movie screen  
That was made for you and me  
Fade out in a warning sign  
This is for all the hurting

Black out in a movie screen  
That was made for you and me  
(Hold you inside a starlight)  
Fade out in a warning sign  
(Up inside keep your fire alive)  
This is for all the hurting
