

I Will Love Again

Lara Fabian

Am **F** **C** **G**
Did I ever tell you how you live in me
Am **F** **C** **G**
Every waking moment, even in my dreams
Am **F**
And if all this talk is crazy
C **G**
And you don't know what I mean
Am
Does it really matter
F **C** **G**
Just as long as I believe
Am **F**
I will love again
C **G** **Am**
Though my heart is breaking I will love again
F **C** **G**
Stronger than before
Am **F**
I will love again
C **G** **Am**
Even if it takes a lifetime to get over you
F **C** **G** **Am**
Heaven only knows, I will love again
Am **F**
People never tell you
C **G**
The way they truly feel
Am **F**
I would die for you gladly
C **G**
If I knew it was for real
Am **F**
So if all this talk sounds crazy
C **G**
And the words don't come out right
Am
Does it really matter
F **C** **G**
If it gets me through this night
Am **F**
I will love again
C **G** **Am**
Though my heart is breaking I will love again
F **C** **G**
Stronger than before
Am **F**
I will love again
C **G** **Am**
Even if it takes a lifetime to get over you
F **C** **G**
Heaven only knows
F
If I'm true to myself
G **Am**
Nobody else can take the place of you
F

But I've got to move on

G

Tell me what else can I do
