For My People

Large Professor

Some people said it couldn't happen it couldn't be done Settin up campaigns to diss from day one But now I've arisen the coast is clear So I had to hit you off your host is here Standin at 5' 7" grown to be large Its not about the height it's the power of the charge You get when you listen to this lyricist slash beat maker Even though I had to take a long time it was worth it Cause now its just perfect I feel like new givin up thanks to you The ones that gave me support when I was caught In this wack record industry trapped You take a short if ya want to That's why I packed up and went on a Vacation in the ghetto hangin out on the corner The place I know where the..can't go Where we party hard for the dough Or get the dough so we can party hard I like to flow no need for bodyguards So when you see me I'm peace and love Cause you helped this brother increase above and It's for my people The LP It's for my people The LP It's right on time with the dirt and the grime The LP and its certain to climb Up all the charts on all the pop tarts They call themselves keepin it real But got hearts made of plastic Man I gets busy on the dizzy I rock your whole show and have you askin "Boy is he The midnight maurader or what" cause on the cut I remain and I'm representing Queens maintain Lots of knowledge cause this world is my college Where I teach and preach your whole contract jack Go with Large Pro and only get fact non-fiction Relaying with mad prop addiction With a twisted rhyme its that time For me to not need prolong any more

Once again to my friends the name of this song is
