Bare

Lari White - Chuck Cannon)

Bare

Bare

Your love has laid me bare
No one has ever made me dare so much
With one sure touch
Until you touched me.

There

Where all my secrets hide You look so deep inside you see The real me And still you love me.

And oh,

I am so naked and exposed Every flaw and blemish shows And still I feel beautiful 'Cause you believe I?m beautiful.

Bare

Like a child Like a prayer.

Your love has laid me Bare...
