Lonely Boy

I'm in the middle of an island I'm in the middle of a sea I'm staying here 'cause there's No place left for me. Yay, yay .

I'm a lonely boy in a lonely world There's no place left for me I've been everywhere in the world there is I've sailed the sev en seas.

But when I return it's always the same No one's waiting for me I'm a lonely boy in a lonely world So now I'll sail the seas on ce more Now I'll sail the seas.
