

# Gods of War

Lars Frederiksen and the Bastards

I saw you shout up to the heavens  
You said oh lord bring me Armageddon  
Stockpiled guns and nuclear weapons  
For a price we'll give you our protection

Justified cause well we'll do you favours  
Just give us the cash we're mercenary's for hire

We're Gods of war  
We're Gods of war  
Gods of war  
Gods of war

You want our nation collapsed from exhaustion  
Just say the word lets begin destroying  
We'll bomb the cities into extinction  
Just bring the check we'll bring the destruction

Justified cause well we'll do you favours  
Just give us the cash we're mercenary's for hire

We're Gods of war  
Gods of war  
Gods of war  
Gods of war
