

No Goodbyes

LaRue

If I could look back on me what would I see?
I'd see this as a dream coming to a place that's
Been our heart and soul
See the pieces in our life
Falling faster into time
And in the end I want to say

Chorus
no goodbyes
Just smile
Don't cry
To embrace life
live in this time

I don't know how long or far we'll go
But I know that You have called us so
Been our heart and soul
We've done it all with no regrets
And to be the first who says

Chorus
