

## Cry 4 you

Lasgo

It's cold outside,  
But not as cold as all your lies  
No need to hide  
The truth is in your eyes

You broke my heart  
I don't know why you're so cruel  
Right from the start you've played me like a fool  
Just give it up, 'cause I've had enough

I'm not gonna cry for you or stand here in the rain  
I'm not gonna waste my tears, 'cause you're not worth the pain  
I will make it on my own, so just leave me alone  
Don't think I will take you back again

Somehow I knew that you were holding something back  
I felt so blue and too afraid to act  
You had me good  
To use your friends as alibi  
You thought I would, just lay down and die  
Guess you're wrong, 'cause I'm moving on

I'm not gonna cry for you or stand here in the rain  
I'm not gonna waste my tears, 'cause you're not worth the pain  
I will make it on my own, so just leave me alone  
Don't think I will take you back again
