

## Deep In Your Heart

Lasgo

I do know life's been hard for you, my love  
We'll take it slow and let our feelings grow  
Day by day I feel I'm getting closer to you  
Come with me, won't let you slip away

Deep in your heart you are longing for love  
I know you want me too  
Deep in your heart you are longing for love  
That's all I want from you

Deep in your heart you are longing for love  
You feel the way I do  
Deep in your heart you are longing for love  
And I keep longing to be with you

To survive you have tried to run from love  
Deep down inside you want me in your life  
Storm by storm I'm breaking down this wall 'round your heart  
I hold on to all your fears are gone

Deep in your heart you are longing for love  
I know you want me too  
Deep in your heart you are longing for love  
That's all I want from you

Deep in your heart you are longing for love  
You feel the way I do  
Deep in your heart you are longing for love  
And I keep longing to be with you
