

Don't Belong 2 U

Lasgo

Oh no no no no no
I say what I wanna say
I do what I wanna do
I go where I wanna go
Cause I don't belong to you
Anymore

Don't you realize what you do to me
You can't live your life like a fantasy
Oh no no no no no
You have hurt my soul deep inside of me
I still lose control when you smile at me
Oh no no no no no

You can make me fly
You can make me cry
We can't work it out
Nothing to argue about
I don't belong to you
