

## Lying

Lasgo

Got this feeling lately  
Something's on your mind  
Your friends don't like me baby  
Wonder what they've said today  
You know I love you  
What's going on  
Let's move on,  
don't think about them,  
know that they are wrong

You got to hold on  
No matter what they say  
If you fail to be strong  
They're gonna have it just their way

'Cause my heart ain't lying  
No my heart ain't lying  
'Cause my heart ain't lying

Is there something baby  
Can you give a sign  
The stories they are telling  
You know every word is a lie  
You can believe me  
My love is true  
Let's move on,  
those people only like to see you blue

You've got to hold on  
No matter what they say  
If you fail to be strong  
They're gonna have it just their way  
'Cause my heart ain't lying

'Cause my heart ain't lying  
No my heart ain't lying
