

# Sacrifice

Last Tribe

Staring out my window  
Searching after life  
Surrounding by a silence  
I don't dare to close my eyes

Something is wrong out there  
Something I can't see  
There is time for one more priar  
Then I really have to leave

Under the early morning sky  
When the black night fades away  
I'm waiting for a sign  
Killing the last trace of my doubt  
Force the memories to leave  
The time has come to grow  
Our final sacrifice

One more tear will fall  
You can't save them all  
We are running out of lies  
It's our final sacrifice

One more tear will fall  
You can't save them all  
Watching the sun when she dies  
It's our final sacrifice

Listen to the ocean  
Listen to it's voice  
Begging me to stop  
But I don't have any choice

It's cold where I am  
Getting colder every day  
Now you have to listen  
Cause I've got something to say

Under the early morning sky  
When the black night fades away  
I'm waiting for a sign  
Killing the last trace of my doubt  
Force the memories to leave  
The time has come to grow  
Our final sacrifice

One more tear will fall  
You can't save them all  
We are running out of lies  
It's our final sacrifice

One more tear will fall  
You can't save them all  
Watching the sun when she dies  
It's our final sacrifice
