

All for Nothing

Late Night Alumni

It's all for nothing
The love we see
A broken offering
A sad old dream
So what it used to be
Is not enough
It's all for nothing
If we give up.

When I think of all the dreams we used to share
All the days, all the night when you where there
All my words upon the lines you used to keep
When I think of all the promises, it cuts so deep

It's all for nothing
The love we see
A broken offering
A sad old dream
So what it used to be
Is not enough
It's all for nothing
If we give up.

It's so crazy that we ran away from here
Tell me what good can I take from all my tears
Tell me baby cause I know you feel the same
It's crazy that we came this far and now we can't stay

It's all for nothing
The love we see
A broken offering
A sad old dream
So what it used to be
Is not enough
It's all for nothing
If we give up.
