

Crazy Love

Latif

I couldn't even blink no think no
Cause I was dumb struck when I met you
I had given up on love, last girl did me in
Lost all hope that I'd ever love again
Everything change when the wind blow
The meaning of life you made it simple
You helped me trust again, the missing things I found in you

Girl the possibilities are endless now,
Hearts combined can tap into a treasure
It's unfound with you girl, crazy love
Must be love, crazy love,
Girl you're taking my heart in a whirl wind
Emotions so deep like an ocean, crazy love
Must be love, crazy love,
Girl you saved my soul from sinking
My dreams came true in an instant
My crazy love, oh, oh, oh, oh,

The end of the world couldn't phase me
Cause you are my sun, my baby
Compassionate, you never hold back (no)
I'm fortunate girl for what I have
The softest kiss is with an angel's words
Forget the past now I'm with you girl
Words missing I found in you

Girl the possibilities are endless now,
Hearts combined can tap into a treasure
It's unfound with you girl,
Must be love, crazy love,
Girl you're taking my heart in a whirlwind
Emotions so deep like an ocean, crazy love
Must be love, crazy love,
Girl you saved my soul from sinking
My dreams came true in an instant
My crazy love, oh, oh, oh, oh,

My heart is in a whirl wind spinning out hard
Emotion that I could swim in, deep as our love
Me and my baby, our love's crazy
You turned my world around made it better it showing
Life is so beautiful but before you ain't know it
My baby, our love's crazy, whoa

Must be love, crazy love
Girl you're taking my heart in a whirl wind
Emotions so deep like an ocean, crazy love
Must be love, crazy love,
Girl you saved my soul from sinking
My dreams came true in an instant
My crazy love, my crazy love,
My crazy love, my crazy love
Oh, oh, oh, oh, oh, oh
