

# Legally Down 4 Me

Latif

There were many dimes in the place  
That's what I thought till I saw your face  
Next thing you know, we're dancing close  
Grindin' slow, hands upon your waist  
I can hear her clear, whisper in my ear  
Talkin' bout how she wanted to leave  
Yo I was diggin' her, right  
She was feelin' me, of course  
I had to see her ID before we leave

Said I'm looking for a shorty, got her act right  
Gotta be at least 18 for me to wife that  
If you're young and you're down for me  
Holla back when you turn 18

Said I'm looking for a shorty, got her act right  
Gotta be at least 18 for me to wife that  
If you're young and you're down for me  
Holla back when you turn 18  
Holla back

Girl I'll give you whatever  
Got your own that's even better  
Baby please, before we leave  
Can I see ID, gotta see that before we leave  
Just one night no commitment  
I won't look at you no different  
It's cool with me, I know your stee  
Girl you're a freak, it's cool with me

[R. Les]  
Yeah, it's cool if you wanna be down with me  
You wanna roll with R. Les 'cause I made this beat  
And that's fine, but 18 is where I draw the line  
Holla in a couple years, I'll give you half what's mine  
And that's if I haven't already found my wife  
You know my life  
City nights, fast cars, and bikes  
Porcelain tubs, love on Persian rugs  
You're too young, yet to understand my thug  
Still I hope you ain't out for ones  
For the songs I sung that you heard on Radio One  
This is all how rumors begun  
Cause they see us talking  
And they be talking about you havin' my son  
I'm good, it's okay, we can't talk or touch  
Still you got thighs, two eyes, any man might lust  
Got a smile like a high school crush  
Girl you're too much  
Here's an autograph and hug enjoy that

Got be at least 18

Girl I'll give you whatever  
Got your own that's even better  
Baby please, before we leave  
Can I see ID, gotta see that before we leave

Just one night no commitment  
I won't look at you no different  
It's cool with me, I know your stee

Sneakin' in the club, tryna drink  
Hah  
It's Next Selection  
It's ain't knocking you out for trying  
Just wait baby  
Wait baby
