

# Somewhere Some Night

Laura Cantrell

Far and wide I'll search for my baby  
I won't let pride stand in my way  
This heart inside will always love him

And somewhere some night  
Among the neon lights  
I'll find my baby

My only plan is to search again  
Each night when lights are blue  
I'd let him go but my heart knows  
It's one thing I can't do

And somewhere some night  
Among the neon lights  
I'll find my baby

Alone tonight I see from my window  
Those city lights you left me for  
Are they still bright?  
Or have they faded?

Well, give up the lights  
And come back tonight  
I need you, baby

My only plan is to search again  
Each night when lights are blue  
I'd let him go but my heart knows  
It's one thing I can't do

And somewhere some night  
Among the neon lights  
I'll find my baby
