

Worship Me

Laura Marling

Little girl
I know you want something from me
Yes you might be blind but you are free
Don't you try and take that away from me
Little girl
I know you think that I'm a mystery
Yes I might be blind but I am free
Don't you cry and take that away from me
Is it God you need?
Is it God you need?

We're young
We're young and lost and
Need something to put our hopes up
Need something to protect us
Is it God you need?
Is it God you need?

Sit down and worship me
Sit down and worship me
Sit down and worship me
Believe

Forgive me
Forgive me
Forgive me
Forgive me
Sit down and worship me
Devote your life to peace
Sit down and worship me
Devote your life to peace
And breathe
