

Let It Be Me

Laura Nyro

I bless the day I found you
I want to stay around you
Now enough of all this, let it be me

Don't take this heaven from one
If you must cling to someone
Now enough of all this, let it be me

'Cause each time we meet love, I find complete love
Without your sweet love what would life be
Now I see, so now and for always let it be me

'Cause each time we meet love, I find complete love
Well, look here baby won't you give me a chance
'Cause look here baby tonight's the night
