

Sophia
Goddess of wisdom and dream
Shine your light, oh, shine your light
For a gypsy queen in a midnight dream
Sophia
Goddess of wisdom, serene
Shine your light, oh, shine your light
For a gypsy queen in a midnight dream

Hecate
Queen of the night
Queen of the bold
Shine your light down the open road

Midnight in my eyes
Highway in my hair
I don't want no diamond rings, I don't want no pretty things
I'm looking for the highway to my soul
So-phi-a

Sophia
Goddess of wisdom and dream
Shine your light, oh, shine your light
For a gypsy queen in a midnight dream
Sophia
Goddess of wisdom, serene
Shine your light, oh, shine your light
For a gypsy queen in a midnight dream

Hecate
Queen of the night
Queen of the bold
Women want to change the world and make it whole

Midnight in my eyes
Highway in my hair
I don't want no diamond rings, I don't want no pretty things
I'm looking for the highway to my soul
