

Extraordinary

Laura Story

No eye has ever seen
No ear has ever heard
The fullness of Your love
The kindness undeserved
This mystery of grace
I cannot comprehend
That You would call me child
That You would call me friend

You are extraordinary
In the way You love
In the way You love me
You find me when I'm weary
And You lift me up
In Your arms I'm carried
My heart is overwhelmed
Your affection rushing in
You are extraordinary
In the way You love
In the way You love me
Lord

I see it in Your heart
Your passion for the lost
A love that knows no bounds
Enduring any cost
I see it in Your life
Given freely on a cross
That You would pay that price
That I might gain it all

You are extraordinary
In the way You love
In the way You love me

You find me when I'm weary
And You lift me up
In Your arms I'm carried
My heart is overwhelmed
Your affection rushing in
You are extraordinary
In the way You love
In the way You love me
Lord

And I know, my words, will never be enough
To thank You Lord, for Your, extraordinary love
And yes I know, my words, will never be enough
So let my life, declare, Your extraordinary love

You are extraordinary
In the way You love
In the way You love me
You find me when I'm weary
And You lift me up
In Your arms I'm carried
And my heart is overwhelmed

Your affection rushing in
You are extraordinary
In the way You love
In the way You love me
Lord!

Extraordinary love!
You are extraordinary
Extraordinary love!
