

American Way

Laura Veirs

Driving to my driveway mailbox, time to send my taxes
I'm on a peace keeping mission to kick other countries' asses
Twenty two billion pentagon dollars unaccounted for last year
They're making twelve more lovely stealth bombers
I fund an institution of fear
I fund an institution of fear

It's the American way
It's the American way
It's the American way

I watch shoot 'em up movies on TV everyday
I don't have to think, I can let my eyes glaze
It's my constitutional right to sit here in a daze
I got six cans of E-
Z cheese on the shelf I'm happy and I'm okay
I'm okay

It's the American way
It's the American way
