

# Hummingbird

Laura Veirs

Hummingbird I heard the word your leaving  
Hummingbird you have to go  
Hummingbird I know you're grieving  
Oh Hummingbird

'Cause your songs and my songs are everyone's songs  
Until all the songs have been sung  
And your songs are so lovely and undone  
So lovely and undone

Hummingbird I'm still a blossom left for you  
Hummingbird don't go away  
Hummingbird you're much too fragile for this world  
Hummingbird you cannot stay  
You cannot stay  
You cannot stay  
You cannot stay

'Cause your songs and my songs are everyone's songs  
Until all the songs have been sung  
And your songs are so lovely and undone  
So lovely and undone
