

Psycho

Lauren Aquilina

Midnight, after dark, Jack and Coke and pull my heart out, heart out
Oh so suddenly I'm on the front steps of your house, your house
Hey, how'd I get here?
It's out of my control, and
I can't see clear, the next thing that I know
I'm climbing up the walls
I know what I'm looking for now
But you're out
And God can't help me now

Maybe I'm a psycho just like you said I was
You got me right, but baby it's not my fault
Oh and I know and I know and I know that I been acting so strange
But you should know that you're the one who made me this way

Psycho, psycho

Walking tragedy dressed up like the girls you dream of, dream of
It's not lunacy that I know where you're gonna be, love, it's easy enough
Cause I followed your car, now I know where she lives
Please send my regards to your new favorite thing
I'll add her to the list of the girls you're fuckin' with now
When karma comes around
And God can't help you now

Maybe I'm a psycho just like you said I was
You got me right, but baby it's not my fault
Oh and I know and I know and I know that I been acting so strange
But you should know that you're the one who made me this way

Yeah I'm a psycho just like you said I'd be
Not gonna fight the way I am naturally
Oh and I know and I know and I know that I been acting so strange
But you should know that you're the one who made me this way

Psycho, psycho

Cause you can't love someone then just let go, no, no
So when you're by yourself, you're not alone
Psst, hello

Maybe I'm a psycho just like you said I was
You got me right, but baby it's not my fault
Oh and I know and I know and I know that I been acting so strange
But you should know that you're the one who made me this way

Yeah I'm a psycho just like you said I'd be
Not gonna fight the way I am naturally
Oh and I know and I know and I know that I been acting so strange
But you should know that you're the one who made me this way

You made me this way
You made me this way
You made me this way (psycho, psycho)
You made me this way
You made me this way
You made me this way
