

# Talk to Me

Lauren Aquilina

Game after game we play  
Our twisted snakes and ladders  
Time for the rules to change  
You're in my arteries  
You're bolting through my body  
I'll never be the same

So why won't you  
Talk to me?  
Why won't you just talk to me?  
There's a universe inside your head  
Constellations of the things you left unsaid  
Talk to me  
Or watch me leave

Wave after wave of your meaningless conversation  
Changing the subject again  
Are you ever gonna wake up?  
Are you ever gonna wake up?  
Or are you gonna let me just walk away?

All you need to do is talk to me  
Why won't you just talk to me?  
There's a universe inside your head  
Constellations of the things you left unsaid  
Talk to me

You will bite your tongue until it bleeds  
Hanging by the skin of your own teeth  
Silence is your loudest scream  
I don't know why you're hiding  
You will bite your tongue until it bleeds  
Hanging by the skin of your own teeth  
Silence is your loudest scream  
I don't know why you're hiding

Why won't you talk to me?  
Why won't you just talk to me?  
There's a universe inside your head  
Constellations of the things you left unsaid  
Talk to me

Why won't you talk to me?  
Why won't you just talk to me?  
There's a universe inside your head  
Constellations of the things you left unsaid  
Talk to me
