

Boomerang Bang

Lauren Christy

I'll shake it baby, I'll break it baby
I'll stoke it baby, I'll choke it baby
I'll slam it baby, wham bam it baby
God damn it, but I won't be your boomerang bang

I'll snap it baby, I'll trap it baby
I'll scorch it baby, I'll torch it baby
I'll fake it baby, earthquake it baby
Shut up and take it, but I won't be your boomerang bang

Boomerang bang
Your boomerang bang
I've got my hands and my face and my knees on the floor
This is reality baby, and nothing more

I'll grab it baby, I'll stab it baby
I'll pump it baby, I'll dump it baby
I'll stone it baby, handbone it baby
Lease, rent and own it, but I won't be your boomerang bang

Boomerang bang
Your boomerang bang
I've got my hands and my face and my knees on the floor
This is reality baby, and nothing more
Nothing more

Boomerang bang
Your boomerang bang
I've got my hands and my face and my knees on the floor
This is reality baby, and nothing more

Boomerang bang
Your boomerang bang
I've got my hands and my face and my knees on the floor
This is reality baby, and nothing more

reality baby, and nothing more

Boomerang bang
Boomerang bang
Boomerang bang

[fading]
