

Coloured City

Laurent Garnier

When I first saw you
In the coloured city
I didn't realize
You were the girl for me
I walked to watch you
Your eyes were starring me

When I looked at you
In the coloured city
I took you in my arms
And you made love to me

Everything went blue

I was in ecstasy
I was in ecstasy
I was in ecstasy
I was in ecstasy

I was in ecstasy
I was in exstasy
I was in ecstasy
I was in ecstasy
