

Our Song

Laurent Voulzy

Everything you are is mine
Can't believe I'm falling in so deep
And I just keep losing time
Lost in every simple word you speak
Pulling me into the light
Making every moment feel complete
Sing our song across the line
Sing it back one more time for me!

Oh...

Never thought you could be mine
Opened up my heart and set me free
And you're always on my mind
So awake I don't think I could sleep
Your love makes me feel alive
Your love lifts me up when I feel weak
Sing our song across the line

Sur les bords de l'Eure on chantait
V'la bon vent, v'la joli vent,
V'la bon vent, ma mie m'appelle
V'la bon vent, v'la joli vent,
V'la bon vent, ma mie m'attend

Never thought you could be mine
Never thought you could be mine

Never thought you could be mine
Opened up my heart and set me free
And you're always on my mind
So awake I don't think I could sleep

There was a time when you were mine
Now you're just a message I repeat
And now our song is lost in time
Sing it back one more time for me

V'la bon vent, v'la joli vent,
V'la bon vent, ma mie m'appelle
V'la bon vent, v'la joli vent,
V'la bon vent, ma mie m'attend

Never thought you could be mine
Never thought you could be mine
Never thought you could be mine
Never thought you could be mine

Sing our song across the line
Sing it back one more time for me
V'la bon vent, v'la joli vent

V'la bon vent, v'la joli vent,
V'la bon vent, ma mie m'attend
V'la bon vent, v'la joli vent,
V'la bon vent, ma mie m'appelle
V'la bon vent, v'la joli vent,

V'la bon vent, ma mie m'attend

Never thought you could be mine
Never thought you could be mine
Never thought you could be mine
Never thought you could be mine
