

Within the Veil - The Antidote

Lay Down Rotten

We are the end of time
We are the antidote
We are the enemy, We are the end of time
We are the antidote, We are the enemy

The system has failed
Untrue, unbound and false
Anarchy in our minds
Godless, spiritless, true

We are the bringers of wrath
We are the chosen few, We are the enemy

Blinding force - an inner conflict
A vow, a lie, the end
A symbol of perfection died
A cross, the virus, a plague

We are the bringers of wrath
We are the chosen few, We are the enemy

All must vanish, all is destined to fade
We are godless! We will stay!

We are the end of time
We are the antidote
We are the enemy
We are the end of time
We are the antidote
We are the enemy

We are the godless
We are the gutless

The system has failed
Untrue, unbound and false
Anarchy in our minds
Godless, spiritless, true

We are the bringers of wrath
We are the chosen few, We are the enemy
