

# Magic

Leah McFall

I'm lost in space and time  
Some boy free my mind  
He came around when I was down  
Now I'm fine, fine, fine

He said I was the one  
I said I was in love  
But when you want more  
You don't run, run, run

It's like magic, just like magic  
Got to have it, feels like magic  
But it is real, it's really really real (Ohh)  
But it is real, it's really really real (Ohh, ohh)  
It's like magic, just like magic, magic, magic, magic

My, my, my, baby  
He broke my cold  
Made me explode like fireworks in the sky

He said I was his love  
But I said I'm just a girl  
But when you want more  
You don't try to rule the world, world, world

It's like magic, just like magic  
Got to have it, feels like magic  
But it is real, it's really really real (Ohh)  
But it is real, it's really really real (Ohh, ohh)  
It's like magic, just like magic, magic, magic, magic

It's like magic  
Mmm, just like magic  
Got to have it, I got to have it  
Said it feels like magic  
But it is real, really really real (Ohh, ooh)  
Yeah it is real, really really real (Ohh, ooh)  
Just like magic (Ohh, ooh, ooh)  
Got to have it, have it, have it, have it, have it, have it, have it
