

How Lonely

Leatherface

He led a normal life he went to sleep at night
And dreamed so many things
He didn't like it in lines he'd refuse to do some things
That weren't what he wanted to know
I don't know why I don't understand the waste
Do nothing ending life
I don't know why you have it all and you hate it all and you spend it
And they walk and they run bullets fly
So they're given a gun they're given minds
Where nothing shines bullets fly face down on the ground
He led a normal life he didn't have a wife just yet
But that was alright and I don't know why
And I don't understand the waste do nothing ending of life
How lonely.....
How alone and they walk and they run bullets fly
So they're given a gun they're given minds
Where nothing shines bullets fly they're face down on the ground
Then the war came they are not the same couldn't do nothing ending life
And then the war came they are not all a game and you weren't ready
How lonely.....
