

Street Ready

Leatherwolf

She's got an angel's face and the devil's eyes
Her deadly touch will turn your arm to stone
She's down on herself to do you harm
Maybe tonight she'll get your back to the wall

(Steppin' into the night)
She'll take you down
(Street ready)
Don't wanna mess around
(Steppin' into the night)
She'll take you down
(Street ready)
Whoa street ready

She cuts at our arm to catch a wicked smile
You can tell by her heart she's nasty and wild
She gets what she wants with her dirty deeds
I'm tellin' you now she'll have you down on your knees

(Steppin' into the night)
She'll take you down
(Street ready)
Don't wanna mess around
(Steppin' into the night)
She'll take you down
(Street ready)
Whoa street ready

Ooh-ooh
You really got it coming
Before the night is gone
Angel of mercy on your heavenly deed
Just give it to me, yeah!

Steppin'
(Steppin' into the night)
She'll take you down
(Street ready)
Don't wanna mess around, no, no
(Steppin' into the night)
She's gonna take you down
(Street ready)
Whoa street ready

(Steppin' into the night)
She's ready, she's ready
(Street ready)
Oh street ready
(Steppin' into the night)
She's ready, she's ready
(Street ready)
Whoa street ready
