A Winter's Poem One million crystals on the outside of my window One single thought, a thought of missing you But only one word from within me Describes the thought without of you Ice feathers on my window Reveal a single thought A painting of your eyes Is a sign that you do know One million crystals Not enough to page your beauty Beauty of your soul 300 days I counted Almost a year, A mere of missing you Ice feathers on my window Reveal a single thought A painting of your eyes Is a sign that you do know Once again waters change Winter spell comes to life again Ice feathers on my window Reveal a single thought A painting of your eyes Is a sign that you do know Ice crystals on my window Hide frozen life inside Ice storm outside these walls But I feel my heart is warm
