

# I'll Find You

Lecrae

Just fight a little longer, my friend  
It's all worth it in the end  
But when you got nobody to turn to  
Just hold on, and I'll find you  
I'll find you  
I'll find you  
Just hold on, and I'll find you

I'm hanging on by a thread  
And all I'm clinging to is prayers  
And every breath is like a battle  
I feel like I ain't come prepared  
And death's knockin' on the front door  
Pain's creepin' through the back  
Fear's crawlin' through the windows  
Waiting for em' to attack  
They say "Don't get bitter, get better"  
I'm working on switching them letters  
But tell God I'mma need a whole lotta hope keeping it together  
I'm smilin' in everyone's face  
I'm cryin' whenever they leave the room  
They don't know the battle I face  
They don't understand what I'm going through

The world tryna play with my soul  
I'm just tryna find where to go  
I'm tryna remember the way  
I'm tryna get back to my home  
But I can't do this on my own  
That's why I'm just trusting in you  
Cuz I don't know where else to go  
And I don't know what else to do

Just fight a little longer, my friend  
It's all worth it in the end  
But when you've got nobody to turn to  
Just hold on, and I'll find you  
Just fight a little longer, my friend  
It's all worth it in the end  
But when you've got nobody to turn to  
Just hold on, and I'll find you  
I'll find you  
I'll find you  
Just hold on, and I'll find you  
I'll find you  
I'll find you  
Just hold on, and I'll find you

They say fear haunts  
And pain hates  
I say pain strengthens  
And fear drives faith  
And I don't know all of the outcomes  
Don't know what happens tomorrow  
But when that ocean of doubt comes  
Don't let me drown in my sorrow  
And don't let me stay at the bottom

I feel like this hole is too deep to climb  
I've been lookin' for a way out  
But I'll settle for a peace of mind  
Picking up the pieces of my life and hopin' that I put together something right  
Tell me all I got is all I need  
Tell me you gon' help me stay and fight

The world trying to play with my soul  
I'm just tryna find where to go  
I'm trying to remember the way  
I'm trying to get back to my home  
But I can't do this on my own  
That's why I'm just trusting in you  
Cuz I don't know where else to go  
And I don't know what else to do

No don't let the fear  
Make you feel like you can't fight this on your own  
You know I, I'll be there for you no matter where you go  
You'll never be alone, no

Just fight a little longer, my friend  
It's all worth it in the end  
But, when you've got nobody to turn to  
Just hold on, and I'll find you  
Just fight a little longer, my friend  
It's all worth it in the end  
But when you've got nobody to turn to  
Just hold on, and I'll find you  
I'll find you  
I'll find you  
Just hold on, and I'll find you  
I'll find you  
I'll find you  
Just hold on, and I'll find you
