

# Bad Boyfriend

Lee Aaron

I'm so complicated  
Don't you know  
Love so overrated  
Don't you think so  
If I had a dime for every stupid lie  
I would be rich  
But I would die from dehydration  
What I need is water for my soul  
But I've got a little problem with control

I'm just a girl who's had a lot of bad boy friends  
I love my babble and the day TV  
It's much easier to blame me for everything  
They never look at me  
Oh oh oh  
They never look at me

I'm so fashionable  
Can't you see  
I think everybody's looking at me  
I made an awful mess  
To which I don't confess  
I'm just a loser dressing up  
And tryna look real cool  
I need a new prescription for my heart  
(for my heart)  
Cause all I got's a  
Punctured, broken heart

I'm just a girl who's had a lot of bad boy friends  
I love my babble and the day TV  
It's much easier to blame me for everything  
They never look at me  
Oh oh oh  
They never look at me

I need a new prescription for my heart  
(for my heart)  
Cause all I got's a  
Punctured, broken heart
